# Vision & Mission

## Vision

To be the most strategic customer preferred supplier

## Mission

Bhagirath group is committed to build a long lasting strategic business partnership with its customers by continually improving the effectiveness of its quality management system with the aim of enhancing customer satisfaction and to become leading products and parts manufacturer.

# Business Areas

## Trucks

Bhagirath Coach and Metal Fabricators Pvt. Ltd. was established in 1986 with an aim to design and manufacture best quality truck bodies. Because of layout ease strong process adherence and cost effective truck bodies, company has been accredited the prestigious ISO-9001:2008 certificate. Current capacity of the plant is 3000 bodies with spare capacity of 800 nos.

## Buses

Audi Automobiles was started in the year 1992 with the objective of manufacturing buses on Eicher built chassis. Over the year the company has been taking strong initiatives in the increasing customer satisfaction and has taken major steps in its company structure, process and layout. It is an ISO:9001:2008 company currently manufacturing 21 buses a day. With a strong development team in hand the plan now is to increase the customer base.

## Parts:

SECTIONS, DOORS, PANELS, ROLLED SECTIONS, ASSEMBLIES, WINDOWS

Bhagirath parts started in the year 2013 with special parts and assemblies for Eicher manufactured buses and trucks. With basic parts like C, L, Z and H profiles to complex assemblies like doors, step assemblies, seats and circular tubular assemblies, we manufacture it all. Not just structural assemblies but also panel assemblies of skirt, stretch and roof are made with accurate profiles and delivered with precision with special packaging. We also have a dedicated line for powder coating which is one of the best in central India. In parts, we believe you give us a drawing and consider the part delivered.
